

# ROSEMONT COPPER

A Bridge to a Sustainable Future.

## ECONOMIC BENEFITS

# THE FACTS

**Jobs from Rosemont a lot more than only truck drivers? Absolutely! Rosemont will create jobs in all the sectors listed below.**

The Rosemont Copper project will improve America's local, state and national economy. In fact, during the 20-year production period, Rosemont Copper's economic engine will support an average of 2,900 jobs each year throughout Arizona. This employment boost reaches beyond the mining industry adding hundreds of jobs from real estate to healthcare.

### Industries to See an Increase in Employment for 20 Years (Total Estimated Number of Jobs Created by Rosemont Project)

Industry	State of Arizona
